

**IT'S NEVER
TOO LATE**

**TO PUT
YOUR FAMILY
FIRST...**

CITY
COLLEGE
OF SAN FRANCISCO

...WITH A DEGREE THAT WILL LAST.

When you chose City College, you chose a San Francisco institution that has provided quality instruction and training to our city for more than 75 years. You chose a college that educates more people than any other public college in the United States. You chose City College because you wanted a degree that employers value and respect.

Nothing's changed. We're *still here, still strong, and still committed* to student success.

You've already proven that you're college material. Now it's time to prove to yourself and your family that you have what it takes to see it through. You don't have to do it alone. We have Continuing Student Counselors to help you plan your degree, and provide support until the day you graduate.

The spring semester is almost here. Visit us online at www.ccsf.edu to register now.
