

READY *career
education*
at your local community college

The future is falling into place.

With 316,000 new jobs* added over three years, the Inland Empire/Desert region is among the nation's hottest job markets. High-quality occupations are hiring... but you'll need skills where you're going.

Career education programs are starting now – and it's not too late to take the first step toward a high-paying career like these...

- Industrial Machinery Mechanics: **\$62,270****
- Water & Wastewater System Operators: **\$78,300**
- Radiological Technicians: **\$94,810**

Get started by completing your application, then get *supported* - every step of the way. **Don't wait – a new semester is launching soon!**

LET'S GO.
