

Digital Media careers and training

The digital media sector comprises establishments primarily engaged in planning, designing, and managing the production of digital communication in order to convey specific messages or concepts, clarify complex information, or project visual identities. These services can include the design of printed materials, packaging, advertising, signage systems, and corporate identification (logos). Products within the digital media sector require professionals with diverse skills, including technical, artistic, and analytical skills.

Digital Media jobs

How many job openings will there be each year?

What do these jobs pay per hour?

Entry-Level
10th percentile

Median
50th percentile
