

EDUCATION

& EARLY CHILDHOOD

SERVICES

**A living wage.
A limitless future.**

Last year, more than 4,000 jobs in education, child development and family services went unfilled in California, with employers reporting a shortage of qualified applicants. Salaries are rising, right along with demand, and graduates of Orange County community college Education & Early Childhood Services programs are in prime position to reap the benefits!

**While they're learning...
you're *earning*!**

Education & Early Childhood Services grads are succeeding with these employers, and more!

- Boys and Girls Clubs of America
- C2 Education
- California Connections Academy
- Childtime Learning Centers
- Irvine Child Development Centers
- KinderCare Education
- La Petite Academy
- Learning Care Group Inc.
- Orange County Unified School Districts
- THINK Together
- Wyzant
- YMCA of Orange County

Orange County is hot for teachers....

- Last year, California employers hired more than 70,000 people in the education, child development and family services sector.
- Employment of preschool teachers is projected to expand by 10% by 2026—nearly twice the national average for all jobs.
- The U.S. Department of Labor expects enrollment across all school grades to increase by 9% by 2026.
