EARLY CHILDHOOD EDUCATOR APPRENTICESHIP

Wallace State Community College

Nurturing the next generation of educators.

When it comes to making an impact on the community, there is no job more important than that of an Early Childhood Educator (ECE). It's more than a career...it's a calling—shouting out only to the most compassionate, patient, and persistent professionals.

The ECE apprenticeship program puts aspiring educators inside the classroom, supplementing students' online degree programs with paid, real-world experience. Apprentices can choose from pathways, including a short-term ECE Certificate, an A.S. in Child Development, and even progress to a bachelor's degree in conjunction with a university partner. Additionally, apprentices can earn a nationally recognized credential from the Alabama Office of Apprenticeship.

Why choose apprenticeship?

Apprentice Benefits

- No out-of-pocket costs
- Progressive wage increases
- On-the-job learning with a mentor
- Online, related-technical instruction

Employer Benefits

- Diversify talent pipeline and recruiting methods
- Credential existing employees
- Increase quality of care in ECE classrooms

EARN & LEARN MODEL.

Apprentices earn competitive, progressive wages. With no tuition, fees, or textbook costs, apprentices can potentially graduate debt-free.
