

OPERATOR ENGINEER

PRIDE-POWERED.

ONE DOOR in an in-demand industry.

OPERATOR ENGINEER APPRENTICESHIP

Wallace State Community College

ORE Earthworks

ONE DOOR.
WALLACE STATE
HANCEVILLE • ONEONTA

The power to break new ground.

When you're digging the foundation for a career in heavy construction, it pays to have good partners.

As a Department of Labor-recognized Apprenticeship Ambassador, Wallace State Community College is part of a surging industry pipeline connecting community members with high-salary opportunities in the construction industry.

Co-presented by **ORE Earthworks** (Hoover), a women-owned Alabama business specializing in excavation and clearing, the Operator Engineer apprenticeship puts students directly work in an action-packed industry that's all about hands-on experience. Learn real-world skills on live contracts with real heavy equipment... and leave with a certificate in Construction Management Technology.

With Operating Engineers now bringing in an average salary of \$37,980* in Alabama, there has never been a better time to get your foot in the door.

EARN WHILE YOU LEARN.

Get paid while you power up for an even bigger paycheck. **With no tuition, textbook or equipment costs**, apprentices can potentially graduate **debt-free**.

LET YOUR LION LOOSE.

WE'LL COVER THE COST.

REQUIREMENTS

Operator Engineer apprentices must:

- Be 18+ years old w/ valid driver's license
- Be eligible to work in the U.S.
- Meet prerequisites and maintain a 2.5 GPA

ONE DOOR TO A BETTER SALARY & MORE.
